ATHARV DESHMUKH

Full Stack & Applied AI Developer | B.Tech CSE Undergraduate

Pune, India • +91 7499824226 • atharv.d.718@gmail.com • GitHub • LinkedIn • LeetCode • CodeChef (1717)

SUMMARY

Computer Science undergraduate who builds full-stack web applications with React.js, Next.js, FastAPI, and TypeScript, and integrates LLM and RAG features end-to-end: frontend, backend, auth, database, and third-party services (payments, email). Led a 4-member hackathon team to 5th place. Seeking a Full Stack / AI internship.

EDUCATION

Pune Vidhyarthi Griha's College of Engineering and Technology (PVGCOET) Aug 2025 – Aug 2029

B.Tech in Computer Science Engineering, Pune | *JEE Main:* ***93.69 %ile*** | *SSC:* ***96%*** Pune, India

EXPERIENCE

Full Stack Development Intern — CodeAlpha Jun 2026 – Present

- Build full-stack web applications using React.js, Next.js, TypeScript, Node.js, Express.js, FastAPI, and Tailwind CSS.
- Design, develop, and integrate RESTful APIs with responsive frontend interfaces following clean architecture principles.
- Collaborate through Git and GitHub; manage version control, structured debugging, and testing within Agile workflows.

Open Source Contributor — GirlScript Summer of Code 2026 May 2026 – Present

- Contribute to open-source web development and AI projects through GitHub pull requests, code reviews, and issue resolution.
- Work with distributed teams using thorough documentation, modular design, and version-control best practices.

College Ambassador — Techfest IIT Bombay Jul 2026 – Present

- Represent PVGCOET and coordinate technical event outreach, student engagement, and promotional activities across campus.

PROJECTS

MediSense AI | Next.js, FastAPI, TypeScript, SQLite, Gemini Flash, ReportLab *Ignition HackVerse (5th Place)*

- Led a 4-member hackathon team to build and deploy an AI-powered medical report analyzer across Vercel and Render.
- Integrated Google Gemini for clinical analysis, automated PDF processing, and custom PDF report generation over RESTful APIs.

Guardian (Safety PWA) | Vite, React, TypeScript, Clerk, Firebase Firestore, Gemini, Stripe *Live PWA*

- Built an installable PWA featuring a Gemini safety assistant, SOS trigger with live location sharing, and automated alerts.
- Engineered real-time sync with Firestore for emergency data tracking and integrated Stripe for subscription tier billing.

DocuMind AI (RAG Document Chat) | FastAPI, React/Vite, Groq (Llama 3.3), SQLite, NumPy *Self-Hosted RAG*

- Built a self-hosted RAG platform querying documents via high-speed Llama 3.3 inference on Groq.
- Implemented vector similarity search directly using NumPy matrix dot products, avoiding managed DB overhead.

MockMate (AI Mock Interview Platform) | Next.js, Clerk, Neon PostgreSQL, Drizzle ORM, Gemini, Stripe *Full Stack AI SaaS*

- RAG platform that parses resumes to generate dynamic interview questions with real-time AI scoring and post-session email reports via Resend.

UPI Offline Mesh | Java 17, Spring Boot, Spring Data JPA, H2, JUnit 5 *Distributed Backend*

- Simulated offline UPI payments over mesh relay using RSA-2048 + AES-256-GCM encryption with idempotency and optimistic locking.

Smart India Hackathon PS 26153 (DRDO Problem Statement) | PyTorch (CUDA), scikit-learn, pandas, NumPy *National Level SIH*

- Developed ML model for network-traffic threat detection evaluated on the benchmark CICIDS2017 intrusion dataset.

TECHNICAL SKILLS

Languages: C++, JavaScript (ES6+), TypeScript, Python, Java, HTML5, CSS3
Frontend: React.js, Next.js, Vite, Tailwind CSS, shadcn/ui, Framer Motion, React Hook Form + Zod
Backend & DB: Node.js, Express.js, FastAPI, Spring Boot, RESTful APIs, PostgreSQL (Neon), MongoDB, SQLite, Firestore, Drizzle ORM
AI / ML & Tools: RAG Architecture, Gemini Flash, Groq (Llama 3.3), PyTorch, scikit-learn, Clerk, Stripe, Git/GitHub, Docker, Render, Vercel

LEADERSHIP & ACHIEVEMENTS

- **5th Place — Ignition HackVerse 2026:** Technical Team Lead for 4-member team in Healthcare AI Track.
- **Smart India Hackathon 2026:** Selected for internal college round (DRDO Problem Statement PS 26153).
- **Competitive Programming:** CodeChef maximum rating 1717 (3-Star); active problem solver on LeetCode & Codeforces.
- **Continuous Learning:** Microsoft 'AI Agents for Beginners' & ChaiCode Full Stack Web Development Cohort 2026.
